___ Session I

___ Session I

___ Session I

___ Session II

___ Session II

___ My child attended The Janus School Summer Program in past years.

___ My child is/was a student at The Janus School.

___ We are considering enrollment at The Janus School for the next academic year.

How did you find out about our Summer Programs? _____

Does your child have a formal diagnosis of a learning difference? ___ Yes ___ No

On a separate page, please describe your child's learning style and your expectations for attending a Janus School Summer Program(s). This information helps teachers and tutors form a better understanding of your child's individual needs prior to the beginning of a given Program.

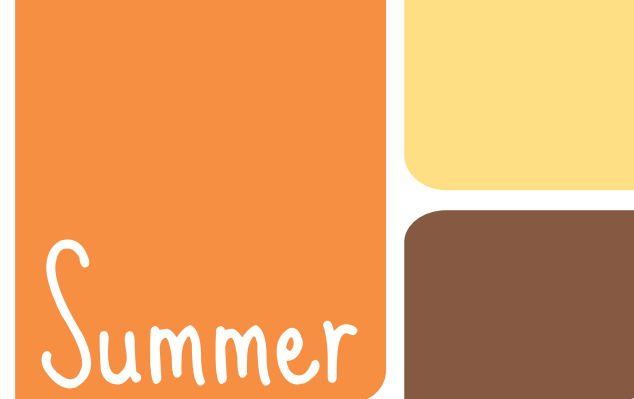

Once your registration is received and reviewed, you may be contacted to schedule a placement screening for your child. The placement screening typically lasts 1-2 hours. There is no fee for this service.

A \$100 non-refundable deposit is required at time of registration. Balance of the tuition for each session is due by June 8, 2012. Tuition for the Academic and Early Learning Readiness Programs is refundable on a pro-rated basis by week - once a week is started, the tuition portion for that week is non-refundable. Tuition for the Assistive Technology & Study Skills Seminar is non-refundable. By signing this agreement, parent/guardian agrees in full to these terms.

Parent or Guardian Signature (Required)

The Janus School Summer Programs, 205 Lefever Road, Mount Joy, PA 17552

THE JANUS SCHOOL
Because Not All Great Minds Think Alike

At The Janus School, we understand that all minds think and learn differently. Our Summer Programs are grounded in this philosophy and aim to boost student's confidence, interest in learning, and skills according to their individual needs.

At The Janus School, we understand that all minds think and learn differently.

For students with learning differences, the summer months are a critical time to continue skill development. The Janus School Summer Programs use a neurodevelopmental model to identify areas of strength and need, and teach effective learning strategies to develop the academic and interpersonal skills necessary to access students' true learning potential. As a parent, an awareness of these areas will help you make future educational decisions for your child.

We provide a positive learning experience in which students are guided to understand their learning style and practice effective learning strategies. We offer social interaction in a safe, caring, and non-competitive environment. We sow the seeds for the benefits of an active lifestyle through participation in collaborative activities. We instill confidence and help children find the successful person within.

The Janus School Summer Programs' faculty includes a reading specialist, occupational therapist, counselor and speech/language pathologist; all have a proven track record of helping students gain the confidence and skills necessary for success. They are collaborative, caring, and supportive, creating an individualized learning experience for each student. For more information, call 717-653-0025 or visit www.TheJanusSchool.org.

The Janus School's faculty is committed to helping students with learning differences access their potential whether they are just beginning, or actively involved, in the process of discovering their own unique learning style.

The Janus School does not discriminate on the basis of race, color, religion or national and ethnic origin in admission and financial aid programs, the administration of its educational and other school programs or employment policies.

Programs

Academic Program

The Academic Program is for students K-12, with or without a diagnosed learning difference. The Academic Program is offered in two 3-week sessions and includes instruction in small classroom settings. The Program includes Language Arts, Math, Diagnostic Tutoring and Enrichment Classes. Students participate in a collaborative environment that focuses on the development and understanding of their own learning profile. The overall goal of the Academic Program is to provide students and you, as parents, with information that will enable you to reach a better understanding of your child's strengths and areas of need.

Session I	June 18 - July 6, 2012	8:30-11:45am	\$630.00
Session II	July 9 - July 27, 2012	8:30-11:45am	\$680.00

Early Learning Readiness

The Early Learning Readiness Program is for students who have completed Pre-kindergarten or Kindergarten and require additional support to develop readiness skills in reading, math, and language development. The Program will address phonemic awareness, letter-sound correspondence, rhyming, sequencing, number recognition, number concepts, and receptive and expressive language development. Students do not need to have a diagnosed learning difference in order to attend.

Session I	June 25 - July 27, 2012	9:00-11:00am	\$550.00
-----------	-------------------------	--------------	----------

Assistive Technology & Study Skills Seminar

The Assistive Technology & Study Skills Seminar is for students in grades 8-12 and is offered in two 3-week sessions, meeting on Tuesdays and Thursdays. The Program is designed to provide students with introductory training in how to use *Solo 6 Suite*, *Kurzweil*, and *Dragon Naturally Speaking* software in order to develop their ability to independently complete essential academic tasks such as reading for comprehension, note-taking, and writing. The Study Skills component of this Program will focus on the development of a hierarchy of skills that include organization, recall, distinguishing main ideas from details, paraphrasing, note-taking, summarizing, test taking and preparation, prioritizing and goal setting.

Session I	Tue/Thu	June 19 - July 5, 2012	9:30-11:30am	\$275.00
Session II	Tue/Thu	July 9 - July 26, 2012	9:30-11:30am	\$275.00

SAT Prep Course

Abbey Harris, a professional teacher for 33 years will teach this 6-week course to successfully prepare students with necessary strategies and skills in Vocabulary, Critical Reading, Math, Writing and Essay for the SAT exam. To register for this class, please contact Abbey Harris directly at 717-293-8182. A minimum of 5 students is required for this class. See the Summer Programs link at www.TheJanusSchool.org for a registration form.

Mon/Wed	June 18 - July 25, 2012	9:00-11:30am	\$550.00
