Because Not All Great Minds Think Alike

#### Mission:

To help individuals with learning differences access their potential by providing excellence in education, research, and community outreach.

Our Educational Philosophy:

Each student is different. Careful diagnosis that can assess the unique nature of each student's learning profile is critical to a successful educational program.

Each student's program must be built around individual strengths and weaknesses. No single program can serve all students with learning difficulties. The focus must always be on the student- not on the materials or methods.

Students with average intellectual ability who have learning difficulties can master the skills they find most difficult.

Information processing and language skills are the keys to success in education and in the future work place. These skills must be learned and not bypassed.

The cornerstone of learning is the highly developed human relationship between a teacher and student. This relationship allows the student to develop self confidence in the context of both academic and personal growth.

The Janus School does not discriminate on the basis of sex, age, religion, handicap, race, color, national or ethnic origin in the administration of its educational, admission, or employment policies.

The primary criteria for admission to The Janus School includes the student's:

- diagnosis of a learning difference (ex. Specific Learning Disorder, ADHD, Executive Function Disorder, Autism Spectrum Disorder)
- potential for skill improvement
- absence of a primary emotional or behavioral disability

## The Application Process:

- 1. Complete the Application for Enrollment, pgs 3-8
- 2. Complete and send enclosed forms:
  - Teacher Reference Form
  - Transcript Request (for grades 9-12)
  - Physician Report
  - Ophthalmologist/Optometrist Report
- 3. Submit \$100 application fee with the Application, payable to The Janus School
- 4. Send all records and the most recent (within 3 years) psychoeducational or neuropsychological evaluation to the Admission Office at The Janus School
- 5. Admission Office reviews Application
- 6. If the applicant meets the primary criteria, a student visit is scheduled
- 7. Admission Committee reviews and notifies parents of the School's admission decision
